

One-pager on existing feasible solutions

Detailed Plan of the One-Pager

Let's agree on the problems and solutions!

Everyone contributes to solving collective problems!

Everyone will participate! Everyone will contribute! Everyone will benefit!

Roberts Waddle

Choose a title for the One-Pager related to the chosen theme or sub-theme to provide a guiding thread and connect it with the structure of the One-Pager.

1. Introduction

It covers three essential points :

- a. Definition of the topic (in most cases)
- b. Importance of the topic
- c. Work plans

2. Crucial Identified Problems

- a. Problem 1

Reference sources that support this problem.

Add a sentence to explain the problem and its consequences, confirming why it is crucial.

- b. Problem 2

Reference sources that support this problem.

Add a sentence to explain the problem and its consequences, confirming why it is crucial.

- c. Problem 3

Reference sources that support this problem.

Add a sentence to explain the problem and its consequences, confirming why it is crucial.

3. Feasible Existing Solutions

- a. Solution 1

Reference sources that support this solution.

Add a sentence to explain the solutions and their impacts, confirming why it is crucial.

- b. Solution 2

Reference sources that support this solution.

Add a sentence to explain the solutions and their impacts, confirming why it is crucial.

- c. Solution 3

Reference sources that support this solution.

Add a sentence to explain the solutions and their impacts, confirming why it is crucial.

4. Results of Feasible Existing Solutions

- a. Result 1

Identify documented and quantified positive results from the implementation of feasible existing solutions.

- b. Result 2

Identify documented and quantified positive results from the implementation of feasible existing solutions.

- c. Result 3

Identify documented and quantified positive results from the implementation of feasible existing solutions.

5. Adaptation and Application of Feasible Existing Solutions in Haiti

Propose an adaptation and application of feasible existing solutions in Haiti.

Propose a draft of a program or project (existing or non-existent) through existing institutions to implement feasible solutions adapted to the Haitian context.

6. Bibliography

Expression of interest. Professionals interested in the initiative, based in Haiti or abroad, can connect with us at <https://www.linkedin.com/in/jobpaw/> and write to rwaddle@forumopportunitie.com, either to draft a One-Pager or to join a team of critical readers for a One-Pager..
